**Subject:** Upper Animas 319 grants  
upperanimas projects2014update.xlsx

Hi, Steve.

The information we have is for 319 funding from 1991 through 2013 (see attached spreadsheet). It looks as though the total amount provided in 319 grants in the Upper Animas is \$2,670,519. If you include the project match (cash and in-kind) the total amount spent in the watershed has been \$4,993,387.

Is this what you wanted? If not, just let me know.
